

Governance & ethics

SUE report card - Aerospace & Defense | Board oversight, anti-corruption, lobbying, compliance
477 of 3371 passages are about this category (PCA projection)

KEY PASSAGES (the evidence the verdict leans on)

[1] Northrop Grumman - 2025 Northrop_Grumman_2025_Sustainability_Report.pdf (p.21) - score 0.65

local levels and express views on important public policy issues. We engage in political activities in accordance with applicable laws and consistent with our company Values and ethical standards. Our engagement efforts support long-term, sustainable growth and, more broadly, the objectives of our company and shareholders. Our company policies, approval procedures and required disclosures for involvement in political...

[2] Axon Enterprise - 2025 Axon_Responsibility_Report_2025.pdf (p.39) - score 0.64

to foreign officials and requires accurate financial recordkeeping, including political contributions. Internal approval is required before using company funds or resources for any political contributions—in the U.S. or abroad. Oversight is shared across all levels of management, and all internal and third-party stakeholders must acknowledge and comply with our Anti-Corruption Policy. This reflects our commitment to ...

[3] WOODWARD - 2025 Woodward_2025_Sustainability_Report.pdf (p.19) - score 0.64

ersight of our sustainability strategy, program, and performance, as delegated by the Board. > Audit Committee: Oversees the performance and management of our ethics and compliance program, information security and risk management programs, and any public emissions and climate-related disclosures, including the establishment and periodic review of internal controls and procedures related to such disclosures. > Human ...

[4] GE Aerospace - 2026 GE_Aerospace_2026_Sustainability_Report.pdf (p.50) - score 0.63

of public policy and advocacy The Governance Committee, composed solely of independent directors, oversees the company's political spending and advocacy activities, and external reporting on such activities. This includes political and campaign contributions, as well as any contributions to trade associations and similar organizations that may engage in political activity. The Governance Committee is responsible for:...

VERDICT

GE Aerospace leads the peer group on governance & ethics (depth 0.57 vs. group tail 0.41), and its passages above are noticeably more concrete than the group norm. Credit where due: GE Aerospace goes beyond the standard report here, publishing a dedicated climate/TCFD report and a standalone data supplement - over-delivery of this kind is a stronger signal than polished prose.
