Employee Surveys L3Harris remains committed to fostering a high-performance culture grounded in eng...

VERDICT

Huntington Ingalls Industries devotes the most attention to workforce & inclusion (depth 0.54), though its coverage runs more narrative than numeric; the gap to the group tail (Northrop Grumman, 0.47) is real but rhetorical depth should not be mistaken for performance. Credit where due: GE Aerospace goes beyond the standard report here, publishing a standalone data supplement - over-delivery of this kind is a stronger signal than polished prose.
